

# Medicare Shared Savings Program Accountable Care Organizations

*Working together to give you the best care.*

## Your Health Center

**is part of an Accountable Care Organization (ACO). We've teamed up with other doctors, hospitals, and health care providers to make sure you get the best care.**

*We provide coordinated care for you to get well & stay well*

- ▶ You get patient-centered care focused on YOUR needs.
- ▶ Your health care providers can see the same test results, treatments, and prescriptions.
- ▶ More coordination helps prevent medical errors and drug interactions.
- ▶ You may save time, money, and frustration by avoiding repeated tests and appointments.
- ▶ Better communication can help protect against Medicare fraud and waste.

*Get the most from your care with our communication & support*

- ▶ When you choose a health care provider that participates in an ACO, they'll help you get the right care at the right time. You can visit [Medicare.gov](https://www.Medicare.gov) and log into (or create) your secure Medicare account to choose a primary care doctor.
- ▶ Medicare protects the privacy of your health information. If you don't want Medicare to share information with your health care providers for care coordination, call 1-800-MEDICARE (1-800-633-4227). Medicare may still share general information to measure provider quality. For more information on how Medicare may use and give out your information, visit [Medicare.gov](https://www.Medicare.gov) and search for "privacy."
